

Cool writing instruments for school and university:

SCRIBERO Gel and SCRIBERO Combi

School kids and students watch out: The SCRIBERO gel and ink rollerball pens hold the promise of a supreme writing experience. Not only are they comfortable to grip, but their stylish cool black design with blue and yellow contrast will make them the new favourite duo in your pencil case.

The SCRIBERO Gel glides smoothly across the paper like no other, and what makes it really stand out is how the ink eraser pen can simply erase any mistakes, making corrections easy as ABC. To highlight passages in texts or the next party date, make sure you don't miss out on the trendy SCRIBERO Combi: an ink rollerball pen and text marker in one to put your notes in centre stage. There's only one thing left to do: check them out!
